FIGHTS, FINES AND DRUNKS

Chief Wyman and Officers Dawson and Aufderheide made a call on Joseph Vondran, a saloon keeper, at 1:30 o'clock Sunday morning. The saloonist was caught 'red-handed, breaking the Sunday closing law. He was behind his bar dispensing drink to two customers. The trio were placed under arrest, the proprietor being charged with keeping open on Sunday and the visitors with loitering. They will be given a hearing this evening.

Bartley Horan was on the warpath Saturday night. He got drunk and when he arrived at his home was refused admittance. They all knew that he was a bad actor when under the influence of booze and the door was barricaded. He finally became so boisterous that an officer was called and he was escorted to the city jail. The mayor was just about to let him go, his tale was so pathetic, when the prisoner bécame sick and the mayor changed his mind. Horan told the mayor that he was drunk, but it did not take an expert to know better. The mayor assessod Horan \$5.

A dispute over a decision of an umpire resulted in a fight between Dennis O'Donnell and William Beatty. The lads met on the street early Saturday evening and came to blows without much talk. They were fighting with a will when interrupted by Officer Ruhe, who took them before the mayor. Both received a fine of \$5.

Officer Todd was summoned to the alley at the rear of the Central school building yesterday afternoon to arrest some juveniles who were gambling. When the officer arrived on the scene there was but one lad to be found. He was arrested but not locked up and will be heard to day. The boys were pitching nickels.

Charles Watson was arrested for getting drunk and fighting. It took three Port Arthur Garrison Strengthened officers to land him, Officers Dawson, Aufderheide and McDermott. He will appear this evening.

THE OFFENSES

Sheriff A. J. Johnson and his deputy, T. O. Terrence, Saturday evening served an additional number of sub-

poenas on local parties who were indicted by the grand jury. Those included in the "last time around" were three junk dealers, Markowitz, Helpner and Caplan, and four persons engaged in the saloon business, Charles Parker, Cornelius Smith, Fred Koerber and Henry Green.

The junk dealers will have to answer to court on the charge of carrypany, charged with the importation of ing on their business contrary to law. The state law makes it compulsory that they pay a certain license and make a daily report of their purchases and sales. It is alleged that they have not complied with the law and

they are to pay the penalty. Charles Parker is a bartender at Thompson's saloon in Diamond street. He is charged with selling liquor to a habitual drunkard. Parker will have to answer to the charge. The saloon ist is not held liable for such mis takes made by a bartender.

Cornelius Smith will plead to the charge of selling on Sunday. He was the last on the list indicted from this city and thought he was going to es cape. The surprise was sprung on him by Deputy Terrence.

Fred Koerber is also charged with selling to habituals. He runs a saloon on Walnut street. Henry Green will answer to furnishing and selling to a minor. Green lives in the East End. Deputy Terrence stated that the sa-

NO CHANGE IN THIS CITY

Spirited Wrangling Preceded the Passage of the Compromise-Large Appropriations May Lead to a Deficit in State Treasury.

Columbus, April 25.—(Special.)-The deadlock over the school code continued Saturday. An agreement was reached yesterday and adopted before adjournment today. The compromise is regarded as equivalent to a victory for the advocates of small boards at large, concessions for ward representation on boards being made only to cities of more than 50,000 population in the state. East Liverpool may retain her present board under the code. Despite the governor's mes

sage urging economy, appropriations in excess of \$12,000,000 for the ensuing two years have been made. Few of the proposed new revenue measures having been passed the state is facing a probable deficit.

The administration inheritance tax bill, amended so as to provide for a 2 CHARGED per cent tax on all bequests of over \$2,000, passed both houses

The new school code provides that in cities of over 50,000 population boards shall consist of not less than two nor more than seven members at large, and of not less than two nor more than 30 elected by wards. In cities of less than 50,000, boards shall be elected at large of not less than two nor more than seven members.

Out in Kalamazoo the women ar tidy. Not content with keeping their houses clean, they have shown a commendable determination to keep their city clean. Every city in the country usually has a considerable number of dirty alleys, bad pavements and neglected lawns. Kalamazoo has a league composed of women, whose determination is that such conditions shall not prevail there. That the league is in fluential and its importance appre- Chamberlain, of Canton; Elmer E. clated is shown by the fact that a westreet commissioner. The new official is to have supervision over an important department for keeping the business streets clean. Women have undertaken similar work in other cities and carried it through with success. There is an abundant field for such missionary enterprise in this city. Health, pleasure, comfort and beauty are all promoted by tidiness. The men's civic improvement league of East Liverpool survived but briefly and accomplished nothing that is visigin soil to work upon if they have the courage to undertake its cultivation.

Somewhere down east there is an anti-canal society, which is sending out a lot of printed stuff, trying to prove that the isthmian waterway when constructed, will not pay expenses. Probably it will not, at the start. The first railroads and the first telegraph lines did not pay at the start. That furnishes no argument, however, to prove that it was a mis take to build them. The canal, once built, will stand forever, and that is long enough to repay its cost many times over.

Out in Kalamazoo the women are tidy. Not content with keeping their houses clean, they have shown a commendable determination to keep their city clean. Every city in the country usually has a considerable number of dirty alleys, bad pavements and neglected lawns. Kalamazoo has a league composed of women, whose determina tion is that such conditions shall not fluential and its importance appreciated is shown by the fact that a wo man has been appointed assistant street commissioner. The new official is to have supervision over an imbusiness streets clean. Women have undertaken similar work in other cities and carried it through with suc-There is an abundant field for such missionary enterprise in this city. Health, pleasure, comfort and beauty are all promoted by tidiness. The men's civic improvement league of East Liverpool survived but briefly and accomplished nothing that is visible. Probably it will not, at the start. The first railroads and the first telegraph lines did not pay at the start. That furnishes no argument, however, to prove that it was a mistake to build them. The canal, once built, will stand forever, and that is long enough to repay its cost many times over.

NEW WAY TO

SELL MEDICINE

Mi-o-na, Nature's Cure for Dyspepsia.

Will Reed has made arrangements to sell Mi-o-na, the marvelous diges tion regulator, in a new and hitherto unheard of way, furnishing a guarantee bond with every package.

GUARANTEE BOND.

In purchasing a 50c box of : Mi-o-na, the purchaser is re- : quested to have this guarantee signed by Will Reed as : : his personal agreement to re- : : fund the money on return of : : empty box if Mi-o-na fails to : : cure dyspepsia and all stom- : ach troubles.

Will Reed will give the above bond with every 50 cent box of Mi-o-na he sells. You run no risk in buying

Signed:

That everyone may have faith in this scientific cure for dyspepsia, Mio-na is sold under a positive guarantee to refund the money if it does not do all that is claimed for it.

Everyone who is troubled with dyspepsia, headache, distress after eating, dizzy feeling or loss of appetite or who is losing weight and in a rundown condition, should take the guarantee bond to Will Reed and commence the use of Mi-o-na at his risk, remembering that the treatment costs you nothing unless it does all that is claimed for it.

CREAT COSPEL'S TRUTH

All Embodied in the Three Words, God Is Love-The World Full of Manifestations of This Truth-Sermons in Other Churches.

Rev. E. M. McMillin conducted services at the First Presbyterian church yesterday morning for the first time since his election as pastor. It was also the first time Mr. McMillin had preached since he was in East Liverpool in February. He aduded to his recent illness and said that at one time he feared he would never be able to come. He spoke words of gratitude for the recovery of his health and of hope for the future of the congre-

Every seat in the church was oc cupied and an inspiring and impressive sermon was delivered. It was announced that a communion service would be held in two weeks, on the second Sunday in May, which will be the first communion held in this church for some time. The pastor expressed the hope that there would be as this simple sentence. Pathos, af a number of new members to unite fection, hopes and history are all em with the church at that time. C. G. Johnson, of Burlington, Vt. writes: "Vinol has restored my lost weight, and I have gained 20 pounds. Old-fashioned cod liver cil upset my stomach, but Vinol made me well."

So we might go on quoting from hundreds of such letters, and it, is for this reason I know what Vinol will do. You see, it acts first upon the stomach, creates an appetite for good wholesome food, and strengthens and embodies in plain language the clear tones up the digestive organs so the food is properly assimilated. Rich, red blood is sent coursing through every vein; solid, firm flesh is created wherever it is needed, and emaciated figures, hollow cheeks and sunken eyes are scon a thing of the dens and share our griefs. To the exponents of kindness and brotherliness He gave abundant mon to his congregation last evening assurances of heaven.

Culture, health, richness in wisdom all depend upon brotherliness, for we enrich ourselves at the expense of our neighbor. This is a principle that prove a detriment to the giver. There is a point in giving to others beyond which we can not safely go. There should be no lack of industry and no call for indolence. Reaction would be nwholesome and dangerous. The individual needs discipline for the eye, for the hand and for the conscience. He who knows not discipline will have a small place in the world.

God is supreme in love and our highest conception of Him is that He is brotherly. In proportion as we rise to His level we are rising in brotherly love. CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore, You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate,

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating seres upon the limbs or face in old age or middle life. CHRONIC SORES Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore, You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Rev. E. M. McMillin conducted ser vices at the First Presbyterian church vesterday morning for the first time since his election as pastor. It was also the first time Mr. McMillin had preached since he was in East Liver pool in February. He aduded to his recent illness and said that at one time he feared he would never be able to come. He spoke words of gratitude for the recovery of his health and of hope for the future of the congregation.

Every seat in the church was oc cupied and an inspiring and impressive sermon was delivered. It was announced that a communion service would be held in two weeks, on the second Sunday in May, which will be the first communion held in this church for some time. The pastor exnounced that a reception would be

C. G. Johnson, of Burlington, Vt. writes: "Vinol has restored my lost weight and I have gained 20 pounds Old-fashioned cod liver cil upset my stomach, but Vinol made me well."

So we might go on quoting from hundreds of such letters, and it, is for this reason I know what Vinol will do. You see, it acts first upon the stomach, creates an appetite for good wholesome food, and strengthens and tones up the digestive organs so the food is properly assimilated. Rich, red blood is sent coursing through every vein; solid, firm flesh is cre ated wherever it is needed, and emaciated figures, hollow cheeks and sunken eyes are scon a thing of the past. Vinol makes firm, healthy flesh, and the weak strong, because it strengthens every organ in the body to do its work.

He read the biblical story of the young ruler who went to Jesus Christ fell on his knees and asked if there was any law of God that he had not fulfilled and if so he was ready to abide by it. The Lord told him he must sell all of his property and give the proceeds to the poor if he wished to follow the path of righteousness. It was a hard test. No man wishes to relieve himself of riches. A most fitting climax of these talks was given by Rev. Dr. Pratt, who made the principal address, his subject be ing "The Art of Seeing." Dr. Pratigave one of his characteristic good addresses. C. L. Gray added much to the program in singing a beautiful solo. Arthur J. Savage was planist.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore, You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating seres upon the limbs or face in old age or middle life. Whenever a sore refuses to hear the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the

polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over and the place heals over. S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health.

HITTING WAS VERY LIGHT

None of the Players Were in Condition And the Diamond Was Rough-All the Twirlers Proved Effective And Kept the Score Small.

Base ball among the amateur teams ad an auspicious opening Saturday, when the Athletics and Carroll club played the first game at Rock Springs park. The Athletics won, 4 to 1, in a remarkably fast game considering the players had no opportunity for prelimieary practice.

The weather man relepted after many weeks of wintry weather and sent an ideal day for the sport. Several hundred people, hungry for base ball, enjoyed the contest. The result of the game hardly gives a line on the strength of the two teams, as none of the players were in condition and the diamond was in bad shape. The hit-

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore, You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking

place makes you irritable, despondent and desperate. A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating seres upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the

polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over and the place heals over. 8. S. S. is both a blood purifier and tonic that puts your blood in order. and at the same time tones up the system and builds up the general health.

If you have a chronic sore write us. No charge for medical advice.

Rev. E. M. M'Millin Speaks Most Eloquently to a Large Congregation.

COSPEL'S GREAT TRUTH

All Embodied in the Three Words, God Is Love-The World Full of Manifestations of This Truth-Sermons in Other Churches.

Rev. E. M. McMillin conducted services at the First Presbyterian church yesterday morning for the first time since his election as pastor. It was also the first time Mr. McMillin had preached since he was in East Liverpool in February. He aduded to his recent illness and said that at one time he feared he would never be able to come. He spoke words of gratitude for the recovery of his health and next Thursday evening from 8 until of hope for the future of the congregation.

Every seat in the church was oc cupied and an inspiring and impressive sermon was delivered. It was announced that a communion service would be held in two weeks, on the second Sunday in May, which will be the first communion held in this church for some time. The pastor expressed the hope that there would be as this simple sentence. Pathos, af a number of new members to unite fection, hopes and history are all emwith the church at that time. At the close of the service Prof. Rayman announced that a reception would be

C. G. Johnson, of Burlington, Vt. writes: "Vinol has restored my lost weight, and I have gained 20 pounds. Old-fashioned cod liver cil upset my stomach, but Vinol made me well."

So we might go on quoting from hundreds of such letters, and it, is for this reason I know what Vinol will do. You see, it acts first upon the stomach, creates an appetite for good wholesome food, and strengthens and tones up the digestive organs so the food is properly assimilated. Rich, red blood is sent coursing through every vein; solid, firm flesh is created wherever it is needed, and emaciated figures, hollow cheeks and past. Vinol makes firm, healthy flesh, and the weak strong, because it strengthens every organ in the body to do its work.

The minister drew the lesson that the rich young man lacked appreciation for that which he owned; that he than the love of God. The people ly snares. They may be moral, pay their debts and live in compliance with the laws of man, but unless they give their entire hearts to God it will avail should be separated from himself Many times a man is his own worst enemy. To live a holy life we must be separated from all that is not righteous.

ST. GEORGE'S DAY

Observed By the Sons of St. George. Fine Sermon By Rev. Edwin Weary.

The Sons of St. George attended St. morning was a continuation of his Stephen's Episcopal church in a body

The rector began his remarks by ex plaining the significance of the shield Britain and that of the United States. and told the legendary story that had its origin in the East.

Mr. Weary said that America ha nothing to fear from abroad, but sh has much to fear from within her own borders. The United States has idols. The disruption of family ties which I somewhat illustrated by polygamy which in Utah has put the institu peril. The speaker made a scathing of God through the regenerating work criticism of those in Washington who claim that polygamy has as great : right to exist as monogamy.

In closing he exhorted the people who hold England as the fatherland to be true to the principles of their istered in the services of the taber- adopted country. He said that the nacle. He then proceeded to draw two English speaking nations can practical inferences and lessons for make their power stand throughout

A GRAND MEETING

With a Program of Unusual Interest. Held at the Y. M. C. A. Hall Yesterday. One of the best meetings of the year

was held at the Young Men's Christian Association building yesterday afternoon and a large audience attended the service, which was in charge of Rev. Dr. M. B. Pratt's young men's bible class. The class arranged a helpful and interesting program. R. W. Haynes, president of the class, led the meeting. One of the interesting features of the service was the three brief talks by young men of the class. W. B. Tarr spoke on "The Relation

of the Young Man to the Church"; W. O. Bloor on "Keeping of the Sabbath," and W. G. Morris on "The Young Man's Fulfilled Mission." A most fitting climax of these talks

was given by Rev. Dr. Pratt, who made the principal address, his subject be ing "The Art of Seeing." Dr. Pratt gave one of his characteristic good addresses. C. L. Gray added much to the program in singing a beautiful solo. Arthur J. Savage was planist.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore, You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating seres upon the limbs or face in old age or middle life. Whenever a sore refuses to hear the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health.

If you have a chronic sore write us. No charge for medical advice.

Tasting Pleasure

There are some pleasures that must be tasted to be understood. You can't imagine them! But once try them and you want them! One such pleasure is the "Queen Quality" Shoe. You detect instantly a certain air of quality. There is nothing commonplace about it.

It is unmistakably an aristocratic shoe, made of soft, pliant, extra high grade leather. Every part of it is flexible, so that the foot is not cramped; the step is easy-the tread elastic-the movement graceful.

Yet this means nothing to you unless you try it. We can't describe it; you must test it.
